PRIMARY EXAMINER

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art does not teach or suggest a pushbutton switch including a pushbutton axial movable between a normal position and a depressed position and being spring-loaded to the normal position; an elastically mounted cam element carried on the push button; at least one micro-switch; and a switch actuating rocker having an actuating arm for actuating the micro-switch and a transmission arm engaged by the cam element to hold the actuating rocker in the normal position when the button is in the normal position, move the actuating arm away from the micro-switch when the pushbutton is initially depressed, move the actuating arm to a position actuating the micro-switch on movement of the pushbutton to the depressed position; and force the actuating rocker to the normal position on return of the pushbutton from the depressed position to the normal position.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
